

**## FEATURE:**

[Insert your feature here]

**## EXAMPLES:**

[Provide and explain examples that you have in the `examples/` folder]

**## DOCUMENTATION:**

[List out any documentation (web pages, sources for an MCP server like Crawl4AI RAG, etc.) that will need to be referenced during development]

**## OTHER CONSIDERATIONS:**

[Any other considerations or specific requirements - great place to include gotchas that you see AI coding assistants miss with your projects a lot]
